This page is a LINK between the Hypothetical workings in 2007 of
British Law and Regulation
Seen on this site as per Crown Rights
and Police corruption

The ACTUAL Workings in CONTEXT as seen in the Corruption Index

In any country acting like a BANANA REPUBLIC
the Police can say this Is this any time they need too.

Then impose there view by intimidating or Arresting anyone
who may choose to Disagree.

In such circumstances there is little chance of the VICTIM
winning as the LAW is with the Police
Therefore the Police can be corrupt as they wish with Impunity

DO YOU WANT TO LIVE IN A COUNTRY WHERE ARE SEEN AS ?

This is why the recommendations made by the Home office Report of Random Lie Detector tests is essential.
For the Safety of the General Public.

However

It then a Sequence of become

What occurs is everyone

The Police
The Government
Layman from 16 to 60
Legal Experts (Technical, Solicitors, Retired Police)

Can see all

This is Known in the THIRD WOLRD JARGON as the
Missing Motorway Syndrome
and it actually occurred, in Venezuela as a Motorway
All the papers and invoices said there was a Motorway there (Everyone can see)
Problem was it was not there. (Everyone could see)

We Show in the Corruption Index the SAME SCENARIO
as it occurred in the Uk but in this case in Development

So does it affect you

The answer is Yes in the Long term
As anything that effects the Credibility of a Country
Will affect that Countries Credit Rating , as seen by the Market.
NO First World Country can be seen to allow their
LAWS to be simply Ignored in this way

Therefore the Government and the Police
cannot allow me to get to European Court.
Question is will they use

1
Diplomacy and Communication

2
More Intimidation and Violence

3
Restrict my Access to the Legal System
Contravening my Basic Human Rights as European Citizen.

Or

If it is Not True bring me to Justice for slander.

They cannot use SLANDER now it is on this Website for the World to See
As the Police and Government
Have had the Facts and the Papers for years and done nothing to
Prevent it happening again
Bring all those Accountable to Justice

The Biggest point for you as a
As member of the LAW abiding Public needs to Understand

The Government is Directly affecting you and your families safety
As no one chooses to be in my Position,

A victim of Police Corruption.
With NO right to Justice or Safety.

The Government can Stop it happening to you or any member of your family
However so far has NOT

This is known as the

EMPORER NEW CLOTHES syndrome from the fairy tale.

Compounded by the present bombardment of the Public
Of the RESPECT Agenda

The Government imposing NEW LAWS in the name of RESPECT
and knowing the Facts on this site.

This is Known as
DOGMA

As practised by the Communist Dictatorships of the Past and the few remaining Banana Republics of the present.
